

# Procurement Snapshot

*Entity details, engagement model, and teaming availability for contracting officers and prime contractors.*

## ENTITY & REGISTRATION

Legal Name	The Hentex Group LLC
UEI	RF4XCKJGYHA7
CAGE Code	8EJL3
SAM.gov Status	Active — continuously maintained
Business Type	Small Business
NAICS Primary	541511 — Custom Computer Programming Services
NAICS Additional	541512 · 541519 · 541611
State	Texas
HQ	Houston, Texas

## ENGAGEMENT MODEL

Hentex engages government buyers and prime contractors through multiple pathways depending on procurement context, timeline, and contract vehicle.

**Direct Agency Engagement:** Briefings, pilot scoping, and MOU discussions with agency program and procurement staff. No-commitment discovery available.

**Subcontractor:** Hentex as a named sub on proposals or active task orders, delivering AI decision support, governance documentation, and implementation components.

**SBIR / OTA:** SBIR Phase I/II eligible on AI governance and algorithmic fairness research tracks. Open to OTA pilot arrangements.

**GSA / IDIQ:** Pursuing GSA MAS positioning. Available to support primes on existing IDIQ vehicles requiring AI capability depth.

## TARGET BUYERS & AGENCIES

### Federal

- HHS / ACF — public benefits programs
- USDA / FNS — SNAP administration
- CMS — Medicaid and CHIP
- NSF — AI research and governance

### State & County

- Health and Human Services departments
- County-level benefits administration offices
- State Medicaid agencies

### Prime Partners

- Large systems integrators with HHS vehicles
- IT services firms with SNAP or Medicaid contracts
- AI/ML firms seeking governance sub-capability

### Research & Innovation

- University research centers (AI, fairness, policy)
- Agency innovation hubs and pilot programs
- FQHCs and community health organizations

## DEPLOYMENT & SECURITY SUMMARY

Cloud Infrastructure	AWS (Textract, Lambda, S3) — cloud-native architecture
Frontend	Deployed on Vercel — CDN-distributed, HTTPS enforced
Backend API	Deployed on Render — containerized REST API
Data Handling	No PII stored beyond session scope in current pilot configuration
FedRAMP Posture	Uses FedRAMP-authorized AWS services; full FedRAMP path in roadmap
Human Override	All AI outputs require human confirmation before finalization
Audit Logging	Tamper-evident event log; exportable for oversight review
